## Our Ice Cream:

We have painstakingly worked to develop what we consider the best ice cream we can put our name on. At Hilliards, commitment to quality and freshness is our promise. Our rich satisfying ice cream is made with the purest and most natural ingredients as possible, not cutting corners on costly flavorings. We make low over-run ice cream (low amount of air mixed in) and we add no artificial colors or flavors. Our Ice Cream is made in small batches, in our Easton candy kitchen.

## Our Mix-ins:
